### Welcome to the Sept - 4<sup>th</sup> issue of the 2017 SeniorNet Wellington Newsletter

The last two months have seen a few changes at SeniorNet Wellington. The Executive has been settling in with a new Secretary and a new Treasurer and Graeme Munro has been doing a sterling job as Chairman while Allan has been away. Our newly structured SeniorNet Learning Help Centre which runs on Monday is proving increasingly popular.

Our Monday Computer CLINIC at 12.30-2.30pm continues, staffed by our marvellous volunteer I.T. guru's. I have used this service on a number of occasions and I highly recommend it. Much cheaper at \$10 than those expensive Computer service firms.

Thank you to the members who have contributed material for the newsletter. The next newsletter will be early Mid November 2017. Please don't be shy about contributing.

## Chairman's Report

As I've been away overseas for 5 weeks and have just arrived back to NZ last week, I don't have much to report. Our 5 weeks was staying with our 3<sup>rd</sup> Son who lives and works in Spain (Bilbao) with his Spanish wife and our two Spanish grandchildren.

The weather for the 5 weeks in Spain where we were, was fantastic (25 - 30 deg) while NZ suffered from storms and heavy rain. My 2<sup>nd</sup> son who was keeping an eye on our property kept us informed via Whatsapp and the week we were coming home told us that we have a large landslip come down on the north corner of our house!! , not a pleasant thing to come home to.

Anyway, a few things on SeniorNet matters. We have a new treasurer. Keryn Campbell was offered the role and has accepted the position.

We need a new Publicity Officer to take over from John Nimmo who is stepping down after over 10 years in this role. I personally wish to thank John for his work in promoting SeniorNet Wellington and the detailed "desk file" documentation of the Publicity Officer's role and tasks he has provided.

Whoever takes over this role will know all that is involved and the contacts etc. that John has made during his time in the role.

Elsewhere in this newsletter is the advert for this role. So please don't be "shy" and step up and help us run this great organisation for the benefit of all our members.

Another event that has come about through John's work is that the BNZ wants to do a trail run of their pilot "Digital Guru" which is designed to help improve the digital skills and literacy of our BNZ colleagues, customers and wider community.

BNZ is using internally-developed online training and virtual classrooms to provide the training and have had over 1500 volunteers registered for the programme so far. They are also working with Barclays Bank in the UK to give their Gurus access to their Digital Wings training modules (covering a range of digital subjects such as internet basics, finding things online, managing your money online, communicating using social media and staying safe online), which they've developed in partnership with Google, Microsoft and IBM.

We have accepted BNZ's offer to assist them to run this trail pilot program, the 1<sup>st</sup> is scheduled for the 22 September. I will report on this event in our next newsletter.

On the Workshop/Course front, the new hands-on Workshop Smartphone Drivers Licence Series continues to gain momentum; I've had to repeat the next in the series twice in order to clear the wait-listed members.

That's all from me now,

Allan Chee – Chairman

**Noel Leeming Discount -**

**Are you using your new Noel Leeming Discount card?**

We have received advice from Noel Leeming that many SeniorNet Wellington members are not using their Noel Leeming Discount Cards when purchasing goods from Noel Leeming stores. This is disappointing.

Using the Discount Card not only provides the purchaser a good discount but also provides a 2% transfer to fund Noel Leeming personnel to assist with our in-house learning. Recent examples have been the excellent presentations by Antony Zogg on smart phones and travel technology.

If shopping at any Noel Leeming store please present the discount card when making any purchase. **New cards with an extended expiry date to July 2018 and reference JScreen/121851 are available from our office for members to collect.**

If you do not have a card on your person at the time of shopping please ensure that the counter assistants at Noel Leeming are aware you are a member of SeniorNet Wellington. There is a special code in their computer system for SeniorNet Wellington. It is "Welnet (Wgtn SeniorNet)". To just say "SeniorNet" may be linked to other SeniorNet's and not attract funding for our training.

**SeniorNet Dates To Remember**

**Dates to Remember –**

- SeniorNet Volunteers Meeting – 5 Oct 2017, 7 Dec 2017
- SeniorNet Office Team Meeting – Sept to be advised, Nov 17
- SeniorNet Executive Meetings – 20 Sep 2017, 18 Oct 2017
- SeniorNet Visitors Day – *The September event has been joined with our Wellington City Seniors Week open Day*
- Seniors Week - SeniorNet Open Day – 13 October 2017

## **Volunteers Forum – Thursday 5 October 2017**

A friendly Reminder to All our Hardworking Volunteers.  
The next volunteers' forum is on Thursday 5th Oct 2017.

We will be there at 9.30am for a 10am start. The Speaker is Victoria Wray who was also our speaker earlier in the year. Please support this meeting. Your questions and suggestions are very welcome. This is the 4<sup>th</sup> volunteer forum of 2017.

Please contact Marjorie Finn before 5th October if you would like to be included in the Agenda at her email address [marjorie.finn@clear.net.nz](mailto:marjorie.finn@clear.net.nz) or phone: 3848349.

We welcome anyone who is possibly thinking about volunteering but is unsure of what is involved. Come along and meet our current volunteers. Ask a few questions. No obligation. There are a number of ways you could assist – Tutoring, working in the Office, Technical, or Assisting behind the scenes if you prefer.

## **Seeking Volunteer Archivist for Our SeniorNet Historical Collection**

We are looking for someone who is interested in history or Archiving. The Collection consists of hard and digital copies of our oral history, Newspaper clippings, photo's, video's, old pamphlets, etc.

We would like to centralise and catalogue our collection. It is not expected that this will be too arduous a task; in fact it could be a lot of fun and a great way to meet the members of SeniorNet. If you are concerned about having adequate knowledge to get started in this role we anticipate being able to get some advice from the Library. If you are interested please contact Celia Simpson – phone 4763830 or [simpsoc@gmail.com](mailto:simpsoc@gmail.com)

### **FROM THE EXECUTIVE - Derek Smith - Secretary**

As the newest member of the executive committee, I volunteered to write what I hope will be a regular contribution to the newsletters.

First, a bit about myself. I joined SeniorNet in October 2013 just after I replaced my old computer. Despite working with computers all my working life, I was definitely not up to scratch on current technology as I retired some 14 years ago, without having to deal with the Internet. I put my name forward as Secretary as I felt it was something I could give back to the organisation where I have found that regular attendance at COG sessions has been extremely useful.

So far I have attended three Executive meetings and I am impressed by the work that is being done on our behalf by a comparatively few people. By the nature of our organisation, most of us have a limited time frame where we can make an effective contribution, so it is essential that we keep getting new volunteers.

In this issue, there is a call for someone to handle our publicity requirements – please consider offering your skills for this task. Over the next few months, there will be further calls for assistance.

Colin Archer is heading a team which is reviewing SeniorNet's administration and out of this review will come several tasks which could be handled by different people. If we break down the load and those of us who are able volunteer to help, the organisation will continue to thrive. If you can help in any way please let us know – as with all volunteering, the main person you help is yourself!

Finally, a note for your diary. We have booked a venue for next year's AGM – it's at The Boatshed on 20 June – back on a Wednesday.

## SeniorNet Learning Help Centre

**We are going to merge the two Monday classes (Introduction to Computers, and the Supervised Practice and Revision) into a Learning Help Centre.**

Details of course

Rooms 11 & 12 will be open every Monday (except Public Holidays) from 10 a.m.–12noon or 12.30 p.m. – 2.30 p.m. to help those new to computers and those wishing to upgrade their skills. We offer one-to-one assistance in a cheerful, friendly environment and while we don't have all the answers we can usually point you in the right direction. Cost will be \$5 per hour.

We can help with a number of computing devices such as laptops; tablets; smart phones; Apple Macs; iPads.

You can either use the computers at SeniorNet or bring your own. If you bring your own device please make sure the battery is fully charged or bring the power cord. If your queries are about E-mail please make sure you bring your passwords.

Registration for the Help Centre is not required but you are asked to contact either Ngaire Jackson phone 389 2629; [ngairej@gmail.com](mailto:ngairej@gmail.com) or Sandra Thorn phone 232 4173; [saonbeauchamp@gmail.com](mailto:saonbeauchamp@gmail.com) before Monday to ensure a tutor is available to assist you.

However, if your problem is Hardware or Operating System related then **the Clinic** is the place to get help. The Clinic is also open every Monday 12:30 – (except Public Holidays) onwards in Meeting Room 2. Cost for the Clinic is \$10.

---

The opening hours for **the Clinic** is from 12:30 – 2:30, but if nobody turns up by 1:00 p.m. the "GP's" are released to leave if they wish.

Keep checking the website and online calendar for courses as it is still early in the year. Keep an eye on emails.

### **A Word Of Thanks to Trevor King - by Natalie Thornton - Editor**

As Editor I take this opportunity to express thanks to Trevor King on behalf of all our newsletter readers.

Trevor King, our longstanding SeniorNet newsletter "Musings From The Serviceman Who Tells" columnist has advised me that he is calling time (retiring) from writing this column. His last column was No. 69 in January 17.

Trevor joined SeniorNet Wellington in 1992 and began writing the column I believe in 1998/99.

On searching I came upon SeniorNet Newsletter 83 – dated 10 April 2008 in which Trevor's column No. 35 appeared. In his Musings column number 35 Trevor made the following comments

"This is the tenth year for this column, give and take unavoidable absences."

"The perfect computer free of all faults is still eagerly awaited."

"Meanwhile there are problems to be investigated, both from users and equipment"

It is a significant achievement to write a regular Technology related column for a newsletter for a period of 17/18 years. I myself enjoyed "Musings from the serviceman who tells" for its variety of topic and knowledge.

The good news is the Trevor tells me that he may submit an article to the newsletter from time to time.

### **Clinic Session: - Do you need help with your device?**

**When:** Every Monday during term (except on Public Holidays) from 12.30pm to 2.30pm.

**Where:** Anvil House, Level 1, Meeting Room 2, 138-140 Wakefield Street

**What:** Get help with your computer – technical or other related problems. Bring your laptop, tablet, or phone - and all associated cables, discs, manuals, power connection and so on. Don't forget your mouse.

Come at 12.30pm and see if we can help. We don't offer guarantees, but we may be able to assist. If we cannot assist, we may refer you to undertake a relevant SeniorNet course or workshop, or to seek professional assistance.

Investment is \$10, payable on the day. Correct change if possible please.

**N.B.** If nobody has turned up at the Clinic for advice by 1:00pm on the Monday the "GP's" are released to leave if they wish.

## **Appointment of Part-time Treasurer**

SeniorNet Wellington is delighted to welcome Keryn Campbell to the new advertised position of Part-time Treasurer.

With the recent retirement of Derek Oldershaw as Treasurer/Secretary and Executive member, the job of Secretary went to Derek Smith (who is also now on our Executive) and Keryn Campbell is now in the Treasurer role to manage SeniorNet Wellington financial affairs. Cashier duties are now being handled by several office staff who will liaise with the Treasurer. Keryn will work closely with Derek for the handover training. She will work mostly from home but will attend the monthly Executive Meetings to present financial reports, etc.

As newsletter editor it was my pleasure to have a brief chat to Keryn today. Although not old enough to qualify to join SeniorNet Keryn has a long acquaintance with computers dating back to about 1985 when she had one of the first IBM clone computers. Keryn has a wide Microsoft knowledge but has rarely dabbled with Apple Mac. Keryn is not currently working as a full time Accountant but does she contract accountancy work for a Chartered Accountant and works with a local kindergarten.

Keryn has two sons. Her 17 years old son is very knowledgeable regarding computers/iT and her younger 14 years old son is a musician. Keryn's partner works for Chorus.

## **Android Smartphones & Tablets User Group Report**

The Android User Group meets every fourth Tuesday of the month at 10 am. It's mainly a question and answers session where members can raise queries about their Android smartphones & tablets (not iPhones) and usually get answers from the more experienced participants. If time allows, other items of interest are discussed and one-on-one help given during the tea break.

With the increase in the use of smartphones, the group is becoming more popular and numbers at the monthly meetings often reach 20 or more. As with other user groups, attendance is free to SeniorNet members.

The next meeting is on Tuesday 26 September.

Three of our group members recently sent in feedback about their experiences at these meetings.

-----  
"This year, having graduated from a basic mobile phone to a Samsung smartphone, I've been attending the Android Device Group monthly meetings. It has been both enjoyable and rewarding. The meetings are well conducted, difficulties and discoveries are shared and advice given. I never leave the meeting without learning something of value, but, best of all; I have gained so much more confidence in using this smart little device I carry around with me."

**Margaret Clarke**

"Why do SeniorNet members keep coming to the Android Smartphones & Tablets Group on the fourth Tuesday of the month? It is because there is always something new to learn. Each session Graeme and Alan find new topics to introduce and participants provide interesting questions. The sessions are mainly about smartphones – the ones that are not iPhones.

I have had my smartphone for over two and a half years but only since I started going to the Android group have I used it as a computer. Many owners limit their smartphone use to phone calls, texts, emails and perhaps Facebook. There is so much more you can do with your phone and you can find out many of the possibilities if you come along and join the group. Attendance is free for SeniorNet members."

**Mary Smith**

"What makes Graeme Munro's well run session so interesting could be described in two ways. First we were fortunate that there was a good sprinkling of more learned members who have developed a variety of skills relevant to the questions asked and can each add to a subject, enhancing the overall answer.

I learnt that Verdana font is the best for older eyes.

Cost factors such as connect to your own Wi-Fi before streaming or you could find yourself facing a big bill. Voice messages from your own home phone will cost extra if using your mobile phone i.e. 17 cents each call from Vodafone.

The second point is all the extra tips on really interesting apps such as '5 ways to speed up your android phone' along with the timely reminder to always check that your photos are off Gallery and onto the Cloud."

**Margaret Simmons**

## **Some Information Links for Seniors – by Natalie Thornton & Alan Royal**

With Wellington Seniors week on the horizon it seems an opportune time to mention a few sites and services that are available for Seniors.

One of my favourite sites which I joined in 2010 when it was in just starting up is [www.grownups.co.nz](http://www.grownups.co.nz). It is designed for the over 50's. It is a very comprehensive website which covers all aspects of life. It has great Technology, Competitions, Travel, Finance, etc sections and much more. I highly recommend this site which comes with a good weekly summary newsletter.

A similar type of site is <http://www.oversixty.co.nz/> with categories such as News, Health, Travel, Lifestyle, Finance, Video and Entertainment. Each of these sections also has a drop down box containing more subjects. Technology is located under Entertainment.

The Work & Income Seniors Page <https://www.workandincome.govt.nz/eligibility/seniors/index.html> contains a comprehensive list of services for the elderly. There is also a good PDF booklet which can be downloaded if you wish. It's not just about the Super Gold Card but about other services you might be entitled to. Have a look.

The *Super Seniors* site at <http://superseniors.msd.govt.nz/> site is also useful and their newsletter has the Gold card deals.

The Super Gold Card webpage for all thing superannuation and discounts available to you. <https://www.supergold.govt.nz/>

Grey Power is a wonderful advocacy organization promoting the welfare and well-being of all those citizens in the 50 plus age group. Their mission is to be the appropriate voice for all New Zealanders <https://greypower.co.nz/>

OPSM offer discounts off Eye tests and Lenses - <https://www.opsm.co.nz/eye-care/benefits/senior-discounts>

Wellington City Library has a specific webpage <http://www.wcl.govt.nz/popular/senior.html> with information for seniors. The page features a selection of the latest resources you can find at your library.

The Wellington City Council has a series of services they offer for seniors and information related to these is available in the links on the web page <https://wellington.govt.nz/services/community-and-culture/seniors>

Age Concern (just along the corridor from SeniorNet Wellington) believes everyone deserves a great future. They support older kiwis to have a healthy lifestyle full of opportunities and protection from harm. <https://www.ageconcern.org.nz/>

The University of the Third Age – U3A - <http://u3awellingtoncity.org.nz/> provides continuing learning opportunities for retired people.

Free Publications For Seniors – A link [https://drive.google.com/file/d/0B7Wa\\_dLqi9G9TXVEREZBaERNM3c/view](https://drive.google.com/file/d/0B7Wa_dLqi9G9TXVEREZBaERNM3c/view) to a PDF doc which contains a list of magazines which you can click on the title of to go straight to that resource.

The Commission for Financial Capability <https://www.cffc.org.nz/> has a lot of financial information for seniors. It is the replacement for the *Sorted* retirement site.

Alan Royal has been on a working group developing this site at <http://www.livestronger.org.nz/>. The link STAY STRONGER FOR LONGER (<https://goo.gl/9sD3Lc>) has some excellent downloadable resources that all seniors should read (I know as I helped develop them!).
